### Job Information - Instructor

**DUTIES:** The primary assignment of the successful candidate will be to instruct students, facilitate learning and evaluate student progress in College programs; to plan, organize and manage learning activities and resources; to provide academic advising for learners and other duties consistent with maintaining quality learner-centered instruction.

**QUALIFICATIONS:** The successful candidate must possess an extensive knowledge of the subject and current teaching/learning methods, well developed oral and written communication skills, analytical and organizational abilities, as well as the ability to work effectively as a team member. Candidates must have strong commitments to student success strategies and initiatives. The required knowledge and skills would have been acquired through the completion of a Bachelor of Engineering (Mechanical) with specialization in area of instruction or a Diploma in Mechanical Engineering Technology and recent relevant industry experience. A B.Ed. (Secondary/Post Secondary), Eligibility for membership in an appropriate professional association and a Bachelor of Technology are considered assets.

**SALARY:** Commensurate with qualifications and experience in accordance with the College of the North Atlantic Faculty Collective Agreement.

### Closing Statement

College of the North Atlantic is an Equal Opportunity Employer

The successful candidate will be required to provide a recent Certificate of Conduct.

Please apply on line complete with resume at [www.cna.nl.ca](http://www.cna.nl.ca). University/College transcripts and names of three professional references will be required as part of the interview process.

Candidates must clearly demonstrate in their resume that they meet all of the required qualifications. Failure to do so may result in a candidate being screened out of the competition.
